ONE OF THE GREAT NEEDS OF A NATION.

By J. M. ROBSION, President First National Bank.

Germany and the United States have been, for more than eighteen months, drifting into war with each other. A great many American ships have been destroyed by German submarines. On February 1st of this year Germany attempted to throw about England and France a blockade and forbade American ships and ships of other neutral countries to enter French and English harbors with food, supplies, &c. England and France had, theretofore, enforced a blockade preventing American ships from carrying food, supplies, &c., to Germany. Both sides in this world war recognize what a great factor food and clothing will play in determining the results of the war. If France and England could be cut off from the markets of the world there is little doubt but what the Germans would win. On the other hand, perhaps the greatest factor contributing to the defeat of Germany, if she is defeated, will be want of food and other supplies for her people and armies.

The American government, claiming the right to have her ships to sail on the high seas and enter the ports of any nation, sent a number of ships to England recently and some of these were torn up by submarines and several Americans killed.

President Wilson has called Congress into extraordinary session to convene on next Monday, April 2nd.

It is now generally believed that Congress will declare war on Germany. We are mobilizing our men, bringing together the industrial and financial resources of the country, speeding up the manufacture of ships, guns and munitions, but we are not giving sufficient consideration to the importance of increasing the output of the farms of our country.

If we enter this war the chances are that there will be no battle between German and American Armies, nor between the navies of these two nations. The German navy is bottled up in the North Sea by the combined navies of the Allies. It is not likely that any of these German war ships will ever reach the open sea. It is true that some submarines are scattered about in the open seas. While these, occasionally, will tear up a ship, they can not do material damage to our coast defense and cities, and since American merchant ships will be armed we apprehend that the German submarines will do less damage in the future than they have in the past.

The French and English armies are driving back the German army on the Western front in France. Our part in this great war, if we enter the war, will be very much the same as it has been in the past, to feed and finance the nations that are fighting Germany. The big end of our part of the job will be to feed and clothe the Allied armies and as our food and clothing must come from the soil the American farmer will have a big part in this war. In our judgment there will be a greater demand for farm products in the year of 1917 than has been in any other year in the history of this country. This means that prices will go up and great prosperity come to the American farmer. The American farmer by furnishing the food and clothing for the armies of France, Great Britain, Russia and Italy, in our opinion, will be the deciding factor in this world war.

We can readily see, from a patriotic standpoint as well as from a standpoint of financial advantage, the importance of every available acre of tilable ground being employed this year to its full capacity. We may not be able to enter the army and navy but nearly all of us can contribute our part to the success of this war by cultivating our gardens and farms and insuring to our country a large food supply to feed those who do fight. The products of our fertile fields form the strongest arm of defense of the nation. We stated some weeks ago in the Mountain Advocate that the First National Bank wanted to lend money to the farmers of Knox County who needed it to buy stock, tools, seed or fertilizer in order to put out a good big crop. Many farmers have availed themselves of this offer and we want to say here that the offer is still open and will continue to be open to every farmer in the county who desires to make the most of his farm and the splendid opportunities of this year to help himself and his country. The United States is now the richest nation in the world in money and supplies. Food and money will do more to help us win this war than the army and navy. We feel that this bank is doing a patriotic service to the country to offer special opportunities to the farmers of Knox County.

WHAT THE PRESS OF THE DISTRICT HAS TO SAY ABOUT THE RACE OF J. C. BIRD

J. C. Bird, of Williamsburg, Candidate for the Republican Nomination for Judge of the 34th District.

It is gratifying to the law-abiding and temperance element of this section to learn that Hon. J. C. Bird of Williamsburg, Ky., is a candidate for Judge of the law and Criminal Court of the 34th Judicial dist. of Kentucky, and it will be their sincere desire that he be elected. Several years ago when he ran for County Attorney of Whitley county we predicted that he, if elected, would clean up the dives and illicit places and bootleggers of Jellico, Ky., which was an eyesore at that time to all this section. We felt sure knowing Mr. Bird as we did, that if elected he would soon clean up all those places that existed along the state line. Time has proven that we were correct in our predictions. He was elected to the office of County Attorney, and he began at once to clean up those places, the transformation was something wonderful. These places of vice and crime soon under his rigid efforts gave way to places of respectable and high class business. One of the worst places where a string of places of vice and ill-repute existed was swept out completely and on their sites a magnificent big brick wholesale grocery was erected. We will make another prediction. If J. C. Bird is elected Judge of the 34th District, when he shall have completed his term of office crime will have been reduced in that district to a minimum, and law, order and peace will reign supreme.—The Advance Sentinel. (Jellico)

IN this issue of The Times Hon. J. C. Bird, of Williamsburg, makes his announcement for the Republican nomination for Circuit Judge of the 34th Judicial District. His announcement will most assuredly be very gratifying to the citizens of Corbin and vicinity, since his persistent and successful efforts in putting down lawlessness in and about Corbin is still fresh in the memories of the people here where his work was so effective during his administration as County Attorney of Whitley.

It will be remembered that when he went into office as County Attorney that such a state

of lawlessness and terrorism existed on the outskirts of Corbin that the women and children of South Corbin were afraid to come to town in day time for fear of being insulted or assaulted by drunken and lawless men while passing that section known as the "Pines." Immediately after he went into office Mr. Bird and Sq. Anders rented a room in South Corbin for a court room in which they held court once each week. Mr. Bird prosecuting bootleggers and desperados actually at the risk of his life, for two or three months, until they were either driven out or put in jail. By this time some of the good citizens of Corbin, having seen what had been done, invited him to move his operations into the Corporation. Thereafter Sq. Anders and Mr. Bird held regular terms of court in the City Hall until bootlegging was reduced to a minimum. Old foxes in that business, who had, heretofore, never been reached, were brought to justice by him and put in jail or broken up.

Mr. Bird has a large following of friends and relatives in the District, and it goes without saying that his announcement means a race. Granting that there will be other candidates for the honor who will have backing, it is a notorious fact that J. C. Bird has a following that nobody can take away from him. His qualifications for Circuit Judge are beyond question being a graduate from one of the best law schools in the country, and having had several years practice in the courts. His record as County Attorney will compare favorably with that of any man who ever served in that capacity. He is unexcelled as a campaigner and orator and is a good organizer. We predict that if he is not nominated for Circuit Judge on Aug. 4th the man who receives one more vote than he does will be the nominee.—The Corbin Times.

In this issue we have the announcement of Hon. J. C. Bird, of Whitley County, for the Republican nomination for Judge of the 34th Judicial District of Ken-

tucky, consisting of the counties of Knox, Whitley and McCreary.

Mr. Bird is not a stranger to the citizens and voters of Knox County and the District, having been born and reared in Whitley County, and having taken an active part in both county and district politics for the last several years. He has stumped Knox County in the interest of the Republican party more than once, and canvassed the county in the interest of the Republican state ticket and Judge Sampson five years ago when Judge Sampson was the Republican nominee for Circuit Judge and when he was opposed by an independent candidate from Whitley county. In that struggle Mr. Bird was on every stump in Knox county in behalf of Judge Sampson. He again canvassed Knox county for the Republican National ticket in the recent campaign, holding up the banner for the Republican party from every stump in the north side of the county.

Mr. Bird is acknowledged to be one of the best lawyers in this end of the state and is one in whom the entire bar is willing to entrust their business. He is a graduate from the National University of Washington, D. C. and has served as county attorney of Whitley County for four years with a record which is unsurpassed. His qualifications for the high office to which he aspires cannot be questioned by those who know him.

He has a large following of friends and kinfolks in Whitley county and is exceedingly popular in McCreary. While he is congenial and courteous to all, at the same time, he is always on the side of his friends in political scraps and never tries to carry on both shoulders, consequently he wins the respect of all who know him regardless of political affiliations. He also has a large train of relations in Knox county, his mother being a native of Knox.

Mr. Bird is a natural politician and an untiring worker. He will make a thorough and vigorous campaign and all the voters of the district will be given an opportunity to see and hear him before the campaign closes. We bespeak for him the careful consideration of the voters of Knox county.—Mountain Advocate, Jan. 1st 1917.

In this issue will be found the announcement of Hon. J. C. Bird for the Republican Nomination for Circuit Judge. Mr. Bird needs no introduction to the voters of this Judicial District. He has been active in political matters for the past several years, always taking a position on one side or the other of all public questions. It can truthfully be said of him that he is not a fence straddler. He has a large following in Whitley County and the 34th Judicial District and it goes without saying that he will be a factor in the race for Circuit Judge.—Whitley Republican.

In the Oil Fields.

Much speculation is now on as to the real outcome of the oil business in Knox County. The oil is here in paying quantities; there is no doubt about it, but the question is whether or not some of the fellows who come here to find it will take cold feet at not finding it on drilling the first hole. There are some men however, we believe that will make it a success. The wild catting is now about at an end. Some one says, "Wild catting" we say yes, it is here just like it is everywhere, we have "Wild-cats" and some that is very, very wild at that. We have men here just like every community has, the fellow that sees you first when you come to the City, with a whole pocket full of "Gold Bricks." These fellows are all about "all in down and out" and the real men have taken their places.

Already there has been some successful work, we do not intend to say through the columns of this paper that there are things here that do not exist. We have not got a dollar invested in the oil business, no man is paying us one cent to advertise the oil business for them. We have not an acre leased to or from any man, hence we have no "ax to grind" we are not going to say anything that is not true. We do not intend to tell the readers of our paper that there is oil here when we know that there is not, we do not propose to say something that we will have to acknowledge to some man who come here to see us that we lied about it, and thereby help to skin some man.

The truth is the oil is here. We can show it to you, we can show it to your running oversome of the wells within four miles of the city, some as near as a mile. The time was when we had pipe line all over the Richland country. There has been two wells drilled in on the Payne farm that are good paying wells, there has been one at Hinyar, one on Indian Creek. In fact there has not been a dry hole drilled to our knowledge. The Central Oil Co. will start drilling within a few days on the Hutchins farm and we bet our panama hat that they get oil. The drilling on Indian Creek will proceed as well as that on the two Richlands. And it is a foregone conclusion that every hole drilled will be a well that will pay. So we advise that if there be any man that wants some good territory that he gets it right at once. We have hesitated to say anything encouraging about this business until we could ascertain that there is some real men doing something, and now that it is a fact we do not hesitate to say that there is an oil boom on in Knox County, and we invite any and all good men to come and share these good things while they can be had.

Now and Then.

The time has come when things
are done with more and more
system. Not long ago it would
take one twice as long to do a
piece of work than it does now.

The time was when the man
who wanted to build a house
would begin first to make the
shingle with which to cover the
house a year before the time he
contemplated starting the house;
he would have the lumber sawed
and stacked upon sticks and dried
a good long time before he started
to make the other arrangements.
Now in this day of doing
things, a man will buy a lot build
the house and have it completed
with all the latest equipment and
move into it in thirty days.

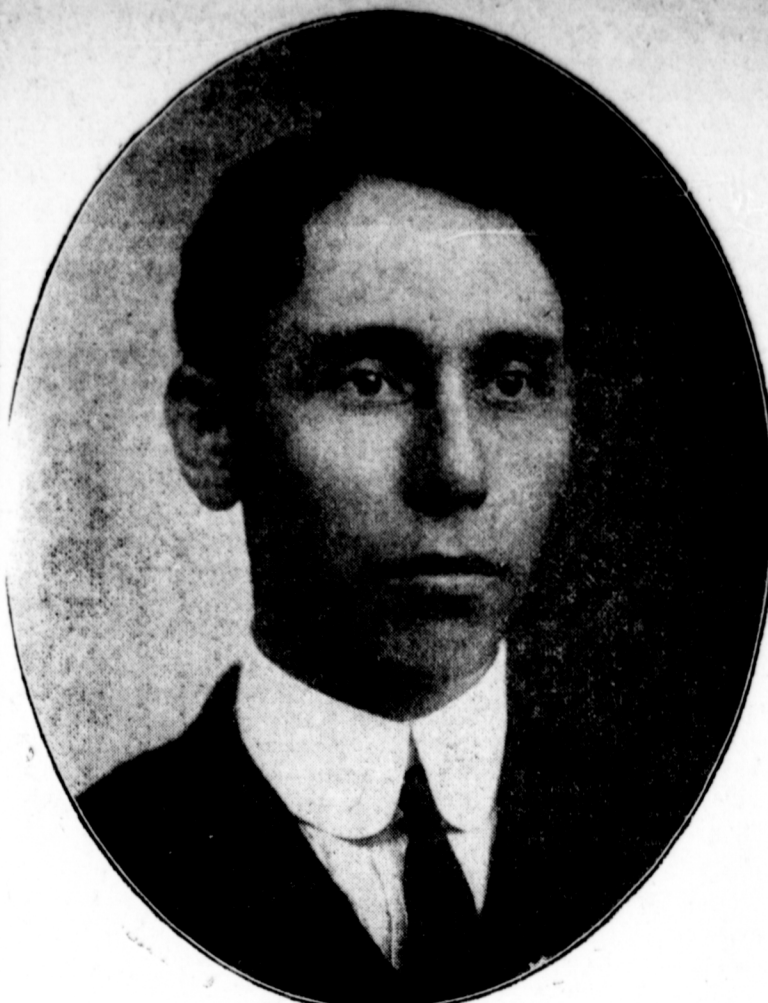

Not only that, but now-a-days,
if the people who make up Nations,
desire to overthrow a king-
dom or a monarchy and make a
Republic of it, it only takes about
24 hours. In 1776, the people of
the United States came to the con-
clusion that they wanted to make
this a free Country. It took seven
long years of fighting to accom-
plish it. A little later when men
began to learn how to do things,
it took the United States less than
two years to raise the Stars and
Stripes over the hills of the Mon-
tezumas in Mexico. A little later
it only took two battles on the
sea and one on the land to bring
Spain to her senses. Just the
other day, over in Russia it took
less than 24 hours for the Great-
est Monarchy in the World to be
turned into a Republic. The Czar,
the wealthiest man in the world
today owning more than \$2,000,
000,000.00 and one tenth of the
area of the whole world, was de-
throned by his people and exiled.

The people of Russia worked
in concert with each other and
not a man stood loyal to the man
who had oppressed his people so
long. It was one of his own cabinet
that broke the news to him that he
was dethroned, and the only ques-
tion was, "why was I not told
sooner?"

The war in Europe has already
lasted too long, too much suffer-
ing, the pangs of starvation has
already gone too far; this war
could have been stopped long
ago had our own people been as
loyal, and as neutral as they
should have been. All this talk
of war is bosh, there will no war
with the United States unless we
bring it upon ourselves, which we
have almost done.

We have been trying to make
believe that we are a neutral
Nation when in fact we have
never been neutral from the very
start. No man is a neutral when
he hands the man a gun with
which to shoot the life out of an-
other. This we have done, we
have been furnishing the am-
munition and the guns with which
to fight, and we have furnished
the food and clothing to maintain
the armies of Europe, and we say
in doing this we have not been
nor or we now, neutral.

We do not believe that we will
have any serious trouble except
that which we may bring about
ourselves. We have baffled and
trifled with Mexico in the last
three or four years until we have
almost lost the respect of all the
powers of the Earth. We have
written notes and made threats un-
til they do not go any longer, and
now we will have to call Con-
gress together and see if we

W. R. LAY

Our next Circuit Judge, according to the signs of the times.
We learn from reliable sources that he is sure to carry McCreary
County and that he has a splendid following in Whitley, and all
know what the people of Knox will do for him. His friends pre-
dict he will carry Knox by 4 to 1 over either Rose or Bird and we
believe this is a conservative estimate

think the bluff will work, if it
does not, we will then put heavy
guards around the ammunition
factories of this country, and send
a hand full of soldiers to France,
and then furnish the money to
fight the battles of others.

No man can tell what the fight
is all about any way, we just
know, we have the most gigantic
war ever known to the World,
and the only reason that could
be assigned that we have entirely
too many people, and the only way
to thin them down is to have a
war and kill them out and to
starve innocent women and chil-
dren. The sooner the people of
Germany wake up and do the same
thing that Russia did the sooner
they will have rest and peace.
England ought to follow suit, give
the people their freedom, let all
men have the same inalienable
rights, then the world will soon
be at peace. The time has come
when Kingdoms and Monarchies
must come to an end, the sooner
the better.

Hon. R. S. Rose and Hon. J.
C. Bird of Whitley County and
candidates for the Republican
nomination for Circuit Judge
were in town this week, and each
claim to be going to carry Whit-
ley County by large majorities,
but we have a "hunch" from
some of the wise ones of Whitley
that when the vote is counted in
that county the boys will be sur-
prised to find that our fellow
county-man, W. R. Lay, has
been endorsed by the majority
of the Whitley County voters.

Some Strange Things

A woman may choose to ride
astride, that can be accounted for,
she may choose a little fuzzy
poodle dog to a bright eyed boy
or girl in the home, that may be
accounted for, she may keep late
hours sitting up telling her neigh-
bor all the latest gossip; there
may be some relief in that; but
why she wants to dress like moth-
er eve, in this day and time when
there is lots of cloth to make
them decent; and go strolling
over the streets, with the sun
shining through her spider web
clothes that are cut low at the
top and high at the bottom, hav-
ing every vulgar mouthed man
in the community making re-
marks about her, has always
been a mystery to any sane mind-
ed man or decent woman. Why
don't the humane society, the
Civic League or Woman Suffrage
League take cognizance of this and
do some real missionary work
right here at home.

Bird in the race for Circuit Judge.

Hon. J. C. Bird, who is a can-
didate for the Office of Judge of
the 34th Judicial District, was
here this week mixing with his
old friends and making new one.
Mr. Bird is well known in this
county, having campaigned in for
the Republican ticket more than
once. He is making a vigorous
and energetic campaign, and any
man who is a judge of elections
will tell you that the race is be-
tween Mr. Bird and the next
strongest man in the race; in other
words, the man that beats Bird
will be the nominee of the Re-
publican party, and that is equi-
valent to an election. Mr. Bird
says that he will use every honor-
able means to procure the nom-
ination, and he is sure that he
will carry the counties of Mc-
Creary and Whitley. This would
leave the County of Knox only as
the bone of contention. He will
soon start around the County
Campaigning, then it is when the
wool will begin to fly.

Read this:
J. H. Smith, shoemaker, Main
St., Barbourville, says: "I had
rheumatic twinges in my arms,
so that I couldn't move them.
My joints were stiff and ached
awfully. My shoulders, back
and limbs pained me and I could
hardly get about. The passages
of the kidney secretions varied
from being scanty to profuse and
the secretions were highly color-
ed. I could not get into the bug-
gy alone or get on a horse with-
out assistance. I certainly was
in bad condition when I began
using Doan's Kidney Pills, but
they soon helped me. The aches
and pains left and I felt better
than I had been in years."

He Never Quits.

On December 11th, and 12th,
1916, Judge Hammons was in
Frankfort, Ky., and there secur-
ed an agreement with the State
Road Commissioner that the main
road through the county should
be from the Bell County line to
Corbin, the Laurel County line,
via Barbourville, Baileys Switch,
Middle Fork and Grays. This
road is to be well built, a lime-
stone macadam road. He also
reached an agreement to build a
well-crowned and well-culvert-
ed graded road from Barbourville
to Artemus and such a road from
Barbourville six and one-half
miles on Indian Creek and from
Old Flat Lick three and one-
eighth miles on Stinking Creek.
Judge Hammons took the stand
that the people were entitled to
that as a matter of right and
justice to them as taxpayers of
the county, and he has worked
hard to that end. We are now
proud to say that all of this work
has been contracted and approved
by the Fiscal Court and sent to
the State Commissioner. Mr.
Wiley, and he to has approved
of same. There has been some
delay as to the Stinking Creek
road by reason of the deficiency
of the contract, but Judge Ham-
mons at once had other copies
made out and approved by the
Fiscal Court and sent to Frank-
fort for the approval of the State
Department and we are proud to
say that the same was approved
at that office Monday the 19th
and was received here by Mr.
Real P. Black Tuesday morning.
It is now definitely settled and
there is nothing to do but to go
to work and that will be under
way in the next few days. The
County Judge has stood as firm
as a rock for what he thought
was right in the road matter and
it looks like the State Depart-
ment sees so to. By approving
this work Mr. Wiley, the State
Commissioner, is a man who has
the welfare of both County and
State at heart and will do all he
can to the best interest of the
most citizens and taxpayers of
this Commonwealth. We now
predict that before the frost of
another winter there will be a big
difference in the roads of Knox
County.

The big bridge across the Cum-
berland river was let the 14th
and contract awarded to the Vir-
ginia Bridge & Iron Co., at Ro-
anoke, Va., and that will also be
under construction at once. This
bridge will be located near the
L. & N. depot at Flat Lick. The
Fiscal Court will receive bids on
the macadam of the main road
April 3rd, and if they get a suc-
cessful bid that road will be un-
der headway soon.—Advertisement.

WILD DEER SEEN AT THE STAR THEATRE.

Camera Catches Animals
in Filming
"The Secret Kingdom"

"The Land of Intrigue," the
first and introductory episode of
the romantic Louis Joseph Vance
serial, "The Secret Kingdom,"
which was filmed by the Vita-
graph Company, featuring Char-
les Richman and Dorothy Kelly is
shown at the Star Theatre on
Monday April 2nd. A number of
scenes in this episode call for
views of a dense forest with quick
flashes of deer running to and fro.
Bearing out its policy of spending
any amount of money in order to
secure realism and the proper at-
mosphere, the officials of this or-
ganization sent their company to
various parts of the country to
secure these scenes.

The animals are not tame by
any means and may be seen run-
ning swiftly as the royal hunting
party appear upon the scene in-
tending to kill them.
It was most difficult to photo-
graph these animals for they
would tear madly away the mo-
ment they saw the man and the
camera and at one time it was
thought the scenes would have
to be omitted.

After much trouble and no lit-
tle expense the scenes were secur-
ed and the finished production is
greatly improved by their pres-
ence.

And Was Run-Down, Weak and
Nervous, Says Florida Lady.
Five Bottles of Cardui
Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price,
of this place, says: "After the birth
of my last child...I got very much
run-down and weakened, so much
that I could hardly do anything at
all. I was so awfully nervous that
I could scarcely endure the least
noise. My condition was getting
worse all the time...
I knew I must have some relief or
I would soon be in the bed and in a
serious condition for I felt so badly
and was so nervous and weak I could
hardly live. My husband asked Dr.
—about my taking Cardui. He
said, 'It's a good medicine, and good
for that trouble,' so he got me 5 bot-
tles. After about the second bottle I
felt greatly improved...before taking it
my limbs and hands and arms
would go to sleep. After taking it,
however, this poor circulation disap-
peared. My strength came back to
me and I was soon on the road to
health. After the use of about 5 bot-
tles, I could do all my house-work
and attend to my six children be-
sides."
You can feel safe in giving Cardui
a thorough trial for your troubles. It
contains no harmful or habit-forming
drugs, but is composed of mild, vege-
table, medicinal ingredients with no
bad after-effects. Thousands of women
have voluntarily written, telling of
the good Cardui has done them. It
should help you, too. Try it.

Above we reproduce the Photo of Mr. John M. Engle of Wilton, who is a candidate for the Nomination and election of Jailor of Knox County. It has been said that John is as homely as Abraham Lincoln, well this may be true, Lincoln was one of the brainiest men the World ever produced. John Engle may not have the chance to show it by being elected President of the United States, but how about it when he comes to running for Jailor? He like other men, has his good qualities, no man ever called at the gate of John M. Engle that he was not greeted with a "hello, get down and come in." Mr. Engle is making a thorough campaign, and will be right on the job until 4 p. m. August 4th, 1917, at which day and hour he believes he will have won the nomination of his party for the office he seeks.

F. W. Golden who represents the Louisville Grocery Co. was in Louisville last week.

Rev. Lloyd of Lexington Ky., is holding a very interesting meeting at the Christian Church, it is well attended and a great interest is manifested. This man of God is a splendid orator, is very interesting and a man who is instructive. You miss a real treat when you fail to hear him.

In the case of Henry Jackson against the Camp Mining Co. and John and William Collins and Lou Westfelt against the same Company, which was determined in the District Court of the U. S. the other day, they recovered the sum of \$14,500.00 as damages. Sawyer A. Smith represented the plaintiffs in the action.

On Sunday April the 15th, there will be a series of meetings begun at the First M. E. Church. Some of the best preachers in the Church will be here to assist in the work. It is thought and hoped that this will be one of the greatest meeting ever held in the Church here. Rev. T. M. Anderson, the pastor, will preach next Sunday, if you have never heard him come out, it is a real treat to hear this man abuse the Devil, and throw the hot shot into the old moss back sinner's, he is an able man and one that you will like.

The Civic League

The Civic Club met at the home of Geo Tye, Thursday March 22, with an attendance of about twenty. The meeting was quite an interesting one as live topics like the library, the new artistic fountain for the Court House square, and the prevention of dust were discussed. The club decided to serve pies coffee and sandwiches at the lot sale, Thursday March 29th. After delightful refreshments of sandwiches, cakes and tea, served by the hostess and her daughter Miss Jewel Tye, the club adjourned to meet with Mrs. Flem D. Sampson on Thursday, April 5th.

Back to the Saskatchewan

Mr. Robert Kelly, who left here more than twenty years ago, after visiting his Brother, Rev. Fred T. Kelley at Somerset, his two brothers W. B. Kelley of Bimble, and Herman Kelley of Artemus, his brothers family Henry Kelley, who died some four or five years ago his sister Mrs. Fanny Sampson of this city and his father and mother Rev. and Mrs. S. F. Kelley at Cold Springs, Ky., returned to his home in the valley of the Saskatchewan Canada, last week.

Bob left here when but a mere lad, and went to the North, he came to the United States to marry, but went immediately back to the Saskatchewan to make his home.

The question that has been going the rounds is, will Mitchell remain at the Jail another four years? The answer is another question, "why not?" he has done his full duty, has treated everyone right, he is the cleverest man unhung, he is always in a good humor, he is on the ground and is not necessary to swap horses right in the middle of the river. Mitchell is a hustler, he is a runner, he never tires when it comes to doing things, he is in the race to win; keep your eye on Mitchell and watch the fur fly.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1 1/2 cups water
1 cup seeded raisins
2 ounces citron
1/2 cup shortening

1 teaspoon nutmeg
1 teaspoon cinnamon
1/2 teaspoon salt
2 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS: Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 135 William Street, New York.

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

Faulkner	18 F. 8 Ausmus
Jones	9 F. 2 Smith
King	0 C. 2 Hogg
Hinkle	14 G. 2 Leabow
Williams	0 G. 0 Browning

At the beginning of the basket ball season Mr. Mitchel made a contract with our team that he would charge them no street car fare for each game they won. Mr. Mitchel has not made much on the deal as our boys have only had to pay car fare once. The girls and boys teams, both wish to thank Mr. Mitchell for his kindness.

Friday ended the seventh month of school and below are the names of students who, during this last month of school have been neither absent nor tardy. First grade Catron Jackson, Ed Jones, Rob't Sowders, Maurice Rogers, Winifred Beets, Willie Wilson.

The Board of Education of our High School has appointed Mr. Bert Catron, City Truant officer so the parents who have boys and girls out of school had better get busy and see that they come to school as the penalty is a heavy fine on parents.

Miss Pelly's room still lacks a few dollars to pay for supplementary readers which have been bought, to make up this deficiency, little miniature flags have been ordered to sell for one cent each, all the student are eagerly waiting the arrival of these flags which they are going to wear to show their patriotism. Won't all the citizens buy some of these little flags from the children to show your respect for our National flag? Let's see how many people will wear a flag as soon as the children get flags to sell.

The paper campaign is still going forward several towns people have sent us word about old paper and magazines they had to give us, now wont others join the list?

Soon it will be spring cleaning and housekeepers please remember, do not burn any paper just let the high school know about it and it will be promptly taken care of. Next week we will be able to tell the exact number of pounds which have been collected, and will also publish list of the names of those who have given us paper.

Next Friday evening, April 6th at 7:30 there will be an old time box supper held in the chapel of the High School, the proceeds of which go for the purchasing of song books. Come out and join us, any boxes donated will be highly appreciated.

New Coal Company For Knox County

Because of the great demand for and unusual high prices of coal considerable activity in this line of industry is in evidence in Knox County. Old mines are being cleaned-out and new ones opened. One of the most recent organizations for the mining and shipping of coal is the Tiffany Coal Co., which is composed of some of Barbourville's most successful business men, S. B. Dishman, L. L. Richardson, Hunton Tiffany, J. R. Jones, J. J. Pursifull, and J. A. McDermott.

This company has leased from S. B. Dishman and J. J. Pursifull several hundred acres of coal lying on the Cumberland River opposite Himyar.

Machinery and equipment have already been ordered and work at driving entry, and construction of railroad, and erection of tipples is also under way.

The coal lying as it does on the opposite side of the river from the railroad, it is the intention of the company to operate an aerial tramway system as means of conveying across the river, which system is operated entirely by gravity.

Officers of the company are, S. B. Dishman, Pres. H. Tiffany, V-Pres. J. A. McDermott, Secy. and Treas. L. L. Richardson, Gen. Mgr.

Noted Missionary Here

Dr. E. J. Betow, missionary on furlough from Sienyu, China, was the guest of the Women's Foreign Missionary Society of the M. E. Church at this place March 26th and 27th. Dr. Betow has spent twelve years in China as medical missionary. She opened the Margaret Eliza Nash Memorial Hospital at Sienyu in 1905 and since the death of her co-worker, (Dr. Draper) has been obliged to work alone as she is the only foreign doctor in her district which contains 750,000 inhabitants. She trains all her own nurses, dispenses medicines, goes out into the country when called, cares for the sick in the hospital, and performs all the operations, many of which are exceedingly difficult, with only the aid of her Chinese nurses. During her stay here, she spoke several times telling of her work and the people whom she serves. In her province there are no telephones nor telegraph wires, not a mile of railroad and not even a road of any kind. Their modes of travel are on foot and by sedan chair, the chair being carried by Chinese "coolies," about thirty miles constitutes a days journey. Foot binding, she asserts, is still almost universally practised in the province where she lives. Dr. Betow is supported by the Kentucky Conference of the M. E. Church, she has been in America since August 1916 and expects to return to her work in China this coming summer.

For Justice of the Peace.

To the voters of Magisterial District No. 1.—I come to you asking the Republican nomination for Justice of the peace of the First Magisterial District of Knox County: I am ready and willing to tell what I am for, and what I shall endeavor to do. I am for the reduction of the exorbitant taxes we are now paying; I am for the immediate completion of the Pike Roads that the people voted to build; I am in favor of putting an end to the waste of the peoples money; I am for the employment of men who are competent, and that will work; I shall see to it that every dollar of the

peoples money is spent for a legitimate purpose, and not distributed to "Dick, Tom and Harry" or whoever may come with a hard luck story. I am for law and order. I am against the sale of intoxicating liquors, and for State wide Bone dry, and will do all in my power to bring these things about.

It is useless for me tell you who I am, I have lived in this district all my life, my conduct is an open book, and I invite any and all to investigate. I want to thank you in advance for this small but important honor that I believe you will give me.

Yours truly,
Murphy Cannon,
